

MINISTRY OF HEALTH
OF THE REPUBLIC OF UZBEKISTAN
TASHKENT STATE DENTAL INSTITUTE

VI INTERNATIONAL CONGRESS OF DENTISTS
**«ACTUAL PROBLEMS OF DENTISTRY
AND MAXILLOFACIAL SURGERY»**

Information letter

DEAR COLLEAGUES!

We invite you to take part in the **VI International Congress of Dentists "Actual problems of dentistry and maxillofacial surgery"**.

Date: **May 12, 2023.**

Venue: **International Hotel Tashkent** (Amir Timur 107A, Tashkent, Uzbekistan).

Organizers: Tashkent State Dental Institute.

Aim of the event – discussion of current problems of modern dentistry and maxillofacial surgery, tumor processes of the head and neck, issues of management in healthcare.

Main directions:

- Modern approaches to dental implantation
- Trends in restorative dentistry and prosthetics
- Biomaterials and 3D technologies in maxillofacial surgery
- Issues of orthodontics and pediatric dental reception
- Congenital cleft lip and palate: issues of treatment and rehabilitation
- Current trends in endodontic treatment
- Multidisciplinary approach to the treatment of head and neck tumors
- Strategies for effective management and organization of management in healthcare

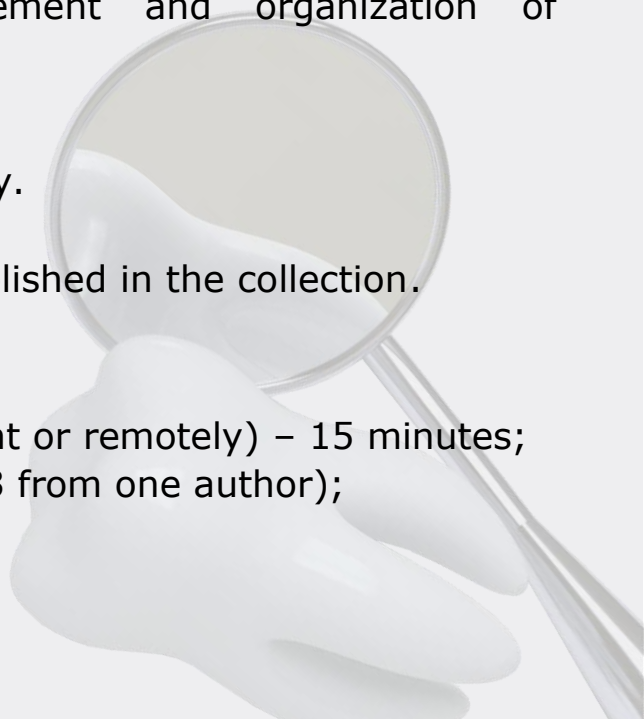

Form of the event – in-person, remotely.

Languages: Uzbek, Russian, English.

The materials of the Congress will be published in the collection.

Forms of participation:

- report (in person with arrival in Tashkent or remotely) – 15 minutes;
- publication of thesis (abstracts) (up to 3 from one author);
- poster report.

Contacts:

Kakhramon Shomurodov, kakhramon_sh@mail.ru, +998911656119
Iroda Nigmatova, +998971330353

Those wishing to participate should fill out an application for participation by **April 12, 2023** at the link

<https://forms.gle/Txq9JPGNvjPmuWyJ9>

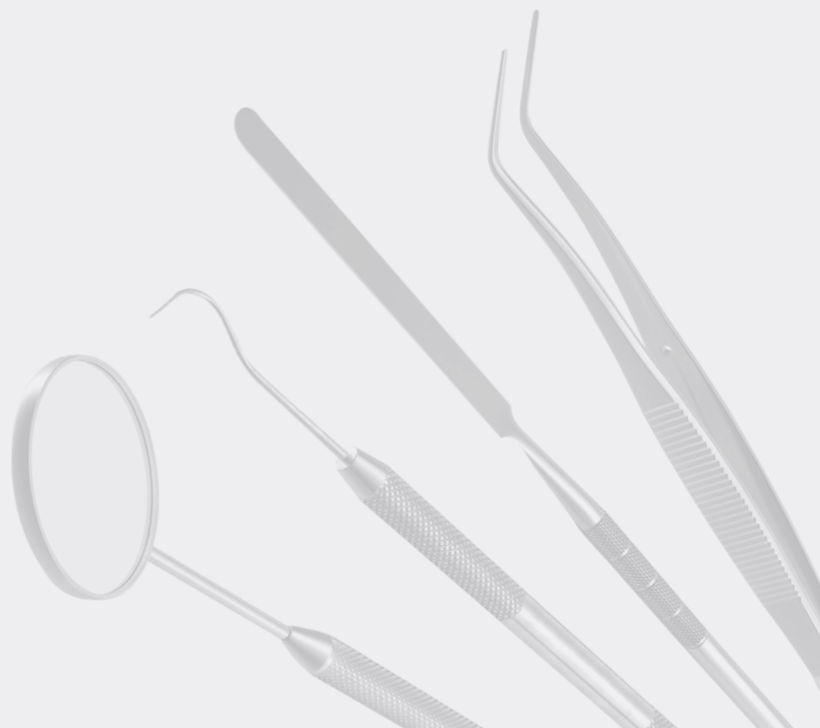

For samples of the abstract and poster presentation, see the corresponding Appendices.

The Organizing Committee reserves the right to select reports for the Congress program. The inclusion of reports in the Congress program will be notified by a separate letter to the email address specified in the application.

Additional information (terms of publication of the collection, registration procedure for obtaining a participant certificate, online broadcast links, connection instructions, etc.) will be posted on the official website of the Tashkent State Dental Institute <http://tsdi.uz>

Contacts for inquiries: congress6tashkent@mail.ru

Thank you for your cooperation!

Those wishing to take part in the Congress should fill out an application for participation at the link <https://forms.gle/Txq9JPGNvjPmuWyJ9> and attach a file of the thesis and/or poster report in its corresponding sections. The deadline for submission is **April 12, 2023**. The Organizing Committee reserves the right to reject materials that do not correspond to the problems of the conference and the requirements for the design of abstracts and poster reports.

The attached files should be named according to the samples below:

Last name_thesis

Last name_poster

Requirements for the design of the thesis

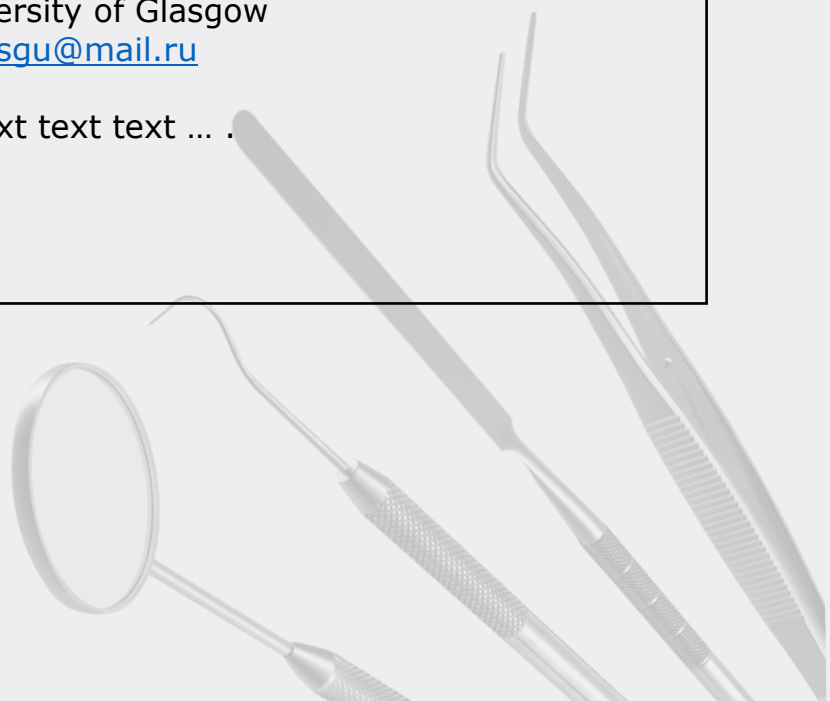

The thesis file must be attached to the appropriate section of the application. The deadline for submission is until **April 12, 2023**. Materials are submitted as a file in the MS Word text editor, A4 format, Times New Roman font, 14 size, line spacing, 1.0 pt, margins of 20 mm, paragraph indentation of 1.25 cm. All tables, graphs, diagrams and drawings must be necessarily designed with translation into Word format

The text of the thesis should contain:

1. Title (bold in capital letters in the center of the page).
2. Full name of the author / authors (in bold in the center of the page) 1 interval from the title of the thesis.
3. The name of the institution or organization (in the usual font in the center of the page).
4. E-mail of the author
5. The text of the thesis
6. References

THESIS SAMPLE

<p style="text-align: center;">TITLE Alice Wagner University of Glasgow sgu@mail.ru Text text text ...</p> <p>References</p>

Requirements for the design of a poster report (E-POSTER)

Create your e-poster in PowerPoint or PDF with a width of 48 inches and a height of 36 inches. The slide orientation is "Landscape". The slide size is "Screen (16:9)". Font types – Times New Roman. The font size is 14 or more points. The name should be underlined using bold font. Animated GIF images and videos are not allowed. The poster file must be attached to the appropriate section of the application. The deadline for submission is **April 12, 2023**.

Poster design:

1. Title, author(s), institution
2. Introduction
3. Materials and methods
4. Results and discussion
5. Conclusion.

The text in the poster should be broken down by including drawings, tables, diagrams, photographs.

SAMPLE

Your Title should be here

Ivanov, A.B.¹; Petrov, D.C.²; Sidorov, A.K., PhD^{1,2}
¹Affiliated University, ²Medical Center

Abstract

Here should be an abstract of your work.

The abstract includes a description of the main topic, the problems of the object, the goals of the work and its results. The annotation indicates what is new in this document in comparison with others related in subject and purpose.

Материалы и методы

Sample section structure:

1. The general scheme of the experiment (overview of the experiment).
2. Populations/samples (population/sample).
3. Location of the study area (location of sample plot).
4. Restrictions (restriction/limiting conditions).
5. Sampling technique (sampling technique).
6. Processing/preparation of samples (procedures).
7. Materials (materials).Variables and measurements.
8. Statistical processing (statistical treatment).

Diagram 1. Name of the diagram

Introduction

The introduction consists of subsections:

1. Description of the problem associated with the research or the establishment of a scientific context (establishing a context). Review of the literature related to the study (reviewing the literature). Description of the white spots in the problem or what has not yet been done (establishing a research gap). The formulation of the research goal (and, possibly, tasks-stating the purpose).Assessment of the importance of the study (evaluating the study).

Results and discussion

The results are given in the processed version: in the form of tables, graphs, organizational or structural diagrams, equations, photographs, drawings. Discussion is ideas, assumptions about the facts obtained, comparison of the obtained own results with the results of other authors.

Conclusion

In conclusion, you can:

- summarize the results;suggest a practical application;suggest a direction for future research.
